ESSENTIAL FACTS

ABOUT THE COMPUTER AND VIDEO GAME INDUSTRY

"The video game industry excels because it anticipates demand — giving people what they want before they realize that they want it — and drives trends in entertainment and across countless other sectors."

- Michael D. Gallagher, President and CEO Entertainment Software Association

"A game is an opportunity to focus our energy, with relentless optimism, at something we're good at (or getting better at) and enjoy. In other words, gameplay is the direct emotional opposite of depression."

- Jane McGonigal "Reality is Broken: Why Games Make Us Better and How "They Can Change the World"

"Our industry thrives anywhere there is talent and an environment conducive to growth."

- Michael D. Gallagher, President and CEO Entertainment Software Association

ABOUT ESA

The Entertainment Software Association (ESA) conducts business and consumer research and provides analysis and advocacy on issues like global content protection, intellectual property, technology, e-commerce, and the First Amendment in support of interactive software publishers. ESA owns and operates E3 and represents video game industry interests on federal and state levels.

To learn more, visit TheESA.com and follow us on Twitter: @RichatESA or @ESAGovAffairs.

"I think video games are going to completely take over storytelling in our society. Video games are not a fad. They are absolutely a narrative form and a medium that is already evolving and recognized as a narrative form..."

- Guillermo del Toro, Director

ESA PARTNERS

ACADEMY OF INTERACTIVE ARTS & SCIENCES | WWW.INTERACTIVE.ORG

The Academy of Interactive Arts & Sciences (AIAS) was founded in 1996 as a non-profit organization to recognize outstanding achievements in interactive entertainment. The AIAS conducts the annual D.I.C.E. Awards to promote and acknowledge exceptional accomplishments in the field. In 2002 the Academycreated the D.I.C.E. Summit dedicated to exploring approaches to the creative process and artistic expression as they uniquely apply to the development of interactive entertainment.

ESA FOUNDATION | www.esafoundation.org

Created by the American entertainment software industry, the ESA Foundation works to make a positive difference in the lives of America's youth by providing scholarships to the next generation of industry innovators and supporting charitable organizations and schools that leverage entertainment software and technology. The ESA Foundation receives its primary funding proceeds from the signature annual fundraiser Nite to Unite and other charitable initiatives.

ENTERTAINMENT SOFTWARE RATING BOARD | WWW.ESRB.ORG

The Entertainment Software Rating Board (ESRB) is a non-profit, self-regulatory body established in 1994 by ESA. ESRB independently assigns content ratings to video games and mobile apps, enforces advertising guidelines, and helps ensure responsible online and mobile privacy practices for the interactive entertainment software industry.

INTERNATIONAL GAME DEVELOPERS ASSOCIATION | WWW.IGDA.ORG

The International Game Developers Association (IGDA) is the largest non-profit membership organization serving individuals who create video games. The IGDA advances the careers and enhances the lives of game developers by connecting members with their peers, promoting professional development, and advocating on issues that affect the developer community. These core activities advance games as a medium and game development as a profession.

THE NPD GROUP, INC. | WWW.NPD.COM

The NPD Group provides market information and business solutions that drive better decision making and better results.
