BALANCE OF STATE

The Balance of State Continuum of Care (BOSCOC) is made up of Arizona's 13 non-metro counties: APACHE, COCHISE, COCONINO, GILA, GRAHAM, GREENLEE, LA PAZ, MOHAVE, NAVAJO, PINAL, SANTA CRUZ, YAVAPAI, and YUMA. Arizona's BOSCOC is a community planning process, overseen by staff of the Arizona Department of Housing (ADOH), to organize and deliver housing and services to meet the specific needs of people experiencing homelessness as they move to stable housing and maximum self-sufficiency.

The Continuum of Care process was established by the U.S. Department of Housing and Urban Development (HUD) to enable localities to apply to the federal government for McKinney-Vento Homeless Assistance Act competitive grant programs. This process brings together local governments, community businesses, faith-based organizations, nonprofits, current and/or formerly homeless persons to develop local solutions to end homelessness.

HOW DO WE KNOW THESE NUMBERS?

Each January, communities across the country utilize homeless service workers and thousands of volunteers to count the individuals experiencing homelessness, both in shelters and on the streets, in what is called a Point-In-Time (PIT) Count. This data is used at the local level to help inform and fund a variety of housing programs and supportive services to aid in each person or family's housing stability.

ARE THESE INDIVIDUALS EXPERIENCING?

- Over 32% of those experiencing homelessness in 2016 in the Balance of State attributed their homelessness to DOMESTIC VIOLENCE, requiring individuals to engage and interact with multiple services and systems of care to attain and maintain safe, affordable housing.
- While a majority (42%) of those experiencing homelessness in Arizona's Balance of State report episodes of homelessness of less than 24 months, just over 23% reported in 2016 to having been WITHOUT A HOME FOR MORE THAN FIVE YEARS.
- Nearly 42% of those experiencing homelessness in Arizona's Balance of State are also dealing with a SERIOUS MENTAL ILLNESS or SUBSTANCE USE DISORDER, necessitating complex case management and supportive services in order to attain and maintain stable housing.

CAN I BEST ENGAGE WITH THOSE EXPERIENCING HOMELESSNESS?

The only difference between you and the individual experiencing homelessness is that you have a safe place to call home and they currently do not. So why not treat them as you are treated and as you treat others?

- First and foremost, BE HUMAN AND TREAT OTHERS LIKE HUMANS! Smile, be courteous, respect boundaries, Your Safety IS TOP have a conversation -- it really IS that simple!
- SAFETY IS TOP PRIORITY! Never offer rides in your car, and never stand in a poorly lit or deserted area. If you feel unsafe, don't worry about being rude, just

leave the situation. PRIORITY ALWAYS!

 RESPECTFULLY OFFER WHAT YOU'RE COMFORTABLE GIVING

"I don't have money, but is there another way I can help you?"

 $PANHANDLING \neq HOMELESSNESS$

There is often a perception when someone is panhandling. that means they are homeless, though this is not always the case. Unfortuantely, "professional" panhandling by those who have a home often perpetuates many of the negative stereotypes of begging and homelessness. For this reason, substantive engagement and service referrals are highly encouraged (pgs. 2-3), as well as non-monetary ways to assist, such as toiletries, socks & underwear. water bottles, non-perishable snack items, etc. (see below for more tips).

-- the ways in which you can help will vary as each individual's situation and needs are unique.

Many are comfortable with giving money, while many more are not. No matter, there are still ways to help:

- "I don't have money, but is there another way I can help you?" (Tips below)
- Be aware of housing and homeless services in your area and where to refer (See pgs. 2-3)
 - BE THE KIND FACE TO BRIGHTEN THEIR DAY

ASSISTANCE CAN I OFFER BEYOND MONEY?

To end homelessness, we as a society must work together to resolve the complex issues which contribute to the root causes of homelessness -- behavioral and mental health; substance use and abuse; cycles of poverty; unaffordable, unsafe housing; criminalizing of activities rather than access to critical services. For maximum impact, we suggest meaningful engagement and service referral (see pages 2-3), as well as the following:

IN-KIND DONATION OPTIONS FOR INDIVIDUALS AND/OR LOCAL SHELTERS

Emergency shelters often rely on in-kind donations to provide basic hygiene products to those experiencing homelessness. Here are some other in-kind donations you can consider for shelters and those on the streets:

YFAR-ROUND

Socks & underwear Toiletries (toothbrush & paste, deodorant, shampoo & conditioner. Reuseable water bottles razors & shave creme/gel) Feminine hygiene products Non-perishable snack items **Public transit passes**

SPRING & SUMMER
